

UNITED STATES WON'T INTERFERE

Nothing Has Occurred to Change
Its Venezuelan Policy.

PRESIDENT IS INTERESTED.

Consults With Hay and Chairmen of
Senate and House Committees on
Foreign Affairs.

Washington, Dec. 11.—Minister Bowen
at Caracas, in a cablegram to the
state department today confirms the
press reports that all the German and
British prisoners have been released.

This was the only dispatch that came
to the state department over night as
to the situation, but it was welcome as
the officials felt that by releasing these
civilians President Castro had dimin-
ished greatly the most serious factor
in the problem. Had he insisted on re-
straining them in jail, the allies must
have dispatched a force to the capital
of Venezuela and was outright
would have ensued. As it is, the offi-
cials here prefer to regard the status
of the prisoners as not one of war, providing the allies
adhere to their original program of a
"peaceful blockade," perhaps followed
by the temporary seizure of Venezue-
lanean customs.

Details of the sinking of the Venezue-
lanean navy by the allied naval forces are
awaited with interest here and the offi-
cials could but express their regret
that it had been necessary to proceed
to such extremes.

Nothing has occurred to induce the
state department to change the policy
of non-interference which it has adopt-
ed. The president is showing particu-
lar interest in the situation and this
morning he called on Secretary Hay and
his regular Thursday diplomatic
reception to confer respecting Venezue-
la. The chairman of the two congress-
ional committees charged with the care
of foreign affairs also called at the
state department during the forenoon
to talk over the Venezuelan develop-
ments.

Senator Cullom, chairman of the com-
mittee on foreign relations expressed
regret that England and Germany had
destroyed, by breaking up or sinking,
the vessels of the Venezuelan war fleet.
They might better have kept them for
toy houses, as against a formidable
squadron they were fit for little else,"
he remarked.

He believed that if it were considered
necessary to seize the vessels, they
could have been kept intact until after
the present trouble was settled and
then restored to Venezuela.

Senator Cullom expressed the opinion
that the United States would not be-
come involved seriously in the present
disturbance, as he was satisfied that
neither Great Britain nor Germany had
any intention of acquiring Venezuelan
territory.

The state department is so far well
pleased with the energetic yet discreet
manner in which Minister Bowen has
acted. There have been no orders re-
ceived by any of our naval vessels to
repair to Venezuelan ports and it is not
intended to issue such orders unless an
emergency should arise, as the presence
of foreign men-of-war in such cases as
this is apt to cause useless friction.
There is, of course, always danger that
the attempt of an American vessel to
pass the "peaceful blockade" may in
the end call for the appearance of
American men-of-war upon the scene.
It is an interesting fact that up to
this point the state department has not
undertaken to recognize the limitations
that might be placed on American com-
merce in case of a Venezuelan block-
ade. The German government no later
than last year sought to secure an un-
derstanding on this point, but the state
department simply recorded the views
of that government without either ac-
cepting or rejecting them, so that our
hands are free. The matter came up
in December, 1901, when Germany was
considering coercive measures against
Venezuela and addressed the following
promissory to the state department:

GERMANY MAKES INQUIRY.
"Imperial German Embassy, Wash-
ington, D. C., Dec. 20, 1901.—In case the
German government should be obliged to
use coercion against Venezuela in
connection with the pending claims it
will have to be considered what kind of
measures should be applied.

"The most important measure of coer-
cion, that is, the blockade of Venezue-
lanean harbors, would have to be car-
ried through without a declaration of

Gentlemen:—When I wrote you last
March for a sample bottle of Swamp-
Root, my wife was a great sufferer
from backache, rheumatism and urina-
ry trouble, also excess of uric acid.
After trying the sample bottle, she
bought a large bottle here at the drug
store. That did her so much good she
bought more. The effect of Swamp-
Root was wonderful and almost im-
mediate. She has felt no return of the
old trouble since.

leave of the German and British sub-
jects arrested by President Castro at
Caracas. Both diplomats discussed the
Venezuelan situation with Secretary Hay,
who offered to keep the embassies in
their quarters until the situation was
settled. The effect of the news received
would have to be turned away and pro-
hibited until the blockade should be
raised. In the same manner European
states have proceeded on such occasions,
especially England and France.

Acting under cable instructions re-
ceived today from their home offices,
Mr. von Holleben, the German am-
bassador, and Sir Michael Herbert, the
British ambassador, today presented to
the state department the thanks of
their governments for the services of
Minister Bowen, acting on behalf of
the United States, in securing the re-
lease of the prisoners.

Very little in the way of direct in-
structions has been received by either
the German or British ambassador
from their governments on the Venezue-
lanean situation in the last few days.
They have been directed to assure the
state department that neither Great
Britain nor Germany intends to de-
part in any particular from the plan
of joint action against Venezuela
which was drawn up in London and
Berlin, and submitted to the state de-
partment some weeks ago.

Mr. Pardo, the Venezuelan charge
d'affaires, has received no confirma-
tion from his government of the sink-
ing of the Venezuelan gunboat, the
foreign fleet off La Guayra, and
today he said:
"I confess I am unable to see what
the foreign powers mean by sinking
my country's little gunboats, which
are scarcely more than yachts com-
pared to the foreign men-of-war. I
do not understand it for the reason
that assurances have been given only
in the last day or two that the blockade
established was to be a 'peaceful block-
ade.' I regard the sinking of the gun-
boats as absolutely unwarranted. It
will be found that the situation has
been gravely complicated thereby."

Withdrawal from Paris Saving Bank
New York, Dec. 12.—The withdrawals
from the savings bank continue, says a
Paris dispatch to the Times by way of
London. In the last 10 days they have
amounted to \$2,000,000 as against \$500,-
000 deposited in the banks. Since the
beginning of the year the withdrawals
have exceeded deposits by \$2,000,000.

GERMANS SEIZE FRENCH STEAMER

The Ossun Probably Mistaken for
A Venezuelan Vessel.

FRANCE MAY OBJECT TO IT.

If Not Soon Released He re enations
Will be Made to Germany—Situation
Very Delicate.

Paris, Dec. 11.—A lengthy official dis-
patch has been received at the foreign
office here from Caracas, saying that
the boats of the German warships in
seizing the vessels supposed to belong
to Venezuela, also captured a French
merchant steamer, the Ossun. These
advertis reached here late today that
the officials were unable to say what
steps would be taken in the matter, but
it is believed that unless the Germans
promptly rectify the mistake and re-
lease the Ossun, representations on the
subject will be made to Germany. This
is also taken to indicate the delicate
state of the situation and the possibi-
lities of international complications be-
tween the involved countries.

The Ossun was owned by a French-
man, who used her in the coasting
trade of South America. About eight
months ago the Ossun was seized by
the British of French warships in the
ground that the ship was a military
necessity, and the Venezuelan flag was
hoisted on board the steamer.

In taking French warships, the seizure
and put in a claim for an indemnity.
This is one of the claims which is
now to be submitted to arbitration.

The German authorities insist on de-
fective action, and the advice received
here show that they have landed a
small German force, besides seizing the
ships. The British commander desires
to proceed slowly and make an in-
spection of the usual course of di-
plomacy. As a result of this friction,
one of the leading diplomatic representa-
tives at Caracas has reported that it
is not likely that the British will par-
ticipate in the seizure of the customs
house. If this is borne out, the offi-
cial here consider that the joint char-
acter of the operations will be consid-
erably interrupted.

Leading French officials openly ex-
press gratification that France has ac-
quired, through diplomacy, what the
Germans were seeking to obtain through
force.

It is learned from an authoritative
source that the French claims, which
will be submitted to the arbitration tri-
bunal, amount to \$10,000,000. This
includes \$3,000,000 demanded for the
practical destruction of the French rail-
road station of Maracaibo, and the re-
cently restricted arbitration to the
damages occurring prior to 1899, but
the railroad was begun prior to 1899
and was continued through the recent
revolution. France will insist that the
claim be arbitrated under the protocol.
The claims which it has not been de-
cided to submit to arbitration aggre-
gate \$4,000,000, but it is believed that
these also will be included before the
arbitration is closed, and it is under-
stood that the arbitration will result
in Venezuela allowing France to collect
the duties at one or two ports until her
claims are paid, which may raise fur-
ther issues at all the Venezuelan ports
are occupied forcibly by other powers.

Public and newspaper opinion in
Paris tends to sympathize with Vene-
zuela as being the victim of undue
veracity on the part of the strong pow-
ers. The Temps says:
"If the United States has nothing to
say on the Monroe doctrine in this af-
fair, it may be time for Europe to speak
in the interest of universal peace."

Anti-Saloon League.

Washington, Dec. 11.—The American
Anti-Saloon League held its annual ses-
sions today. The next convention will
be held in this city in December, 1903.
The convention adopted a report of the
committee on the proposed plan for
closer union between the national and
state leagues. Officers were elected, in-
cluding:

President, Rev. Dr. Luther B. Wil-
son, Washington; vice president, Bis-
hop J. N. Hamilton, California; gen-
eral superintendent, Dr. Howard H. Russell,
New York; legislative superintendent,
D. E. Davidson, Washington, D. C.;
recording secretary, S. E. Nicholson,
Baltimore; corresponding secretary,
James L. Erwin, Washington, D. C.;
trustee, D. H. Carroll, Baltimore.

RECIPROCITY CONVENTION.

Resolutions Adopted Urging Cuban
And Canadian Reciprocity.

Detroit, Mich., Dec. 11.—The dele-
gates to the National Reciprocity con-
vention this afternoon adopted resolu-
tions, listened to a witty and forceful
address on reciprocity to ex-Gov. John
Lind of Minnesota, heard the report of
the finance committee and adjourned
sine die. The resolutions adopted are
as follows:

"Resolved, That we reaffirm the res-
olutions adopted at the first convention
of this league in Chicago, which em-
brace in their scope the general prin-
ciple of reciprocity and the establish-
ment of mutual and fair trade relations
with all the nations of the world, and
that we again call attention to the re-
ciprocity treaties negotiated by ex-
President Kasson including the very
important treaty with France, and we
again request that these treaties be
ratified and also that a reciprocity
treaty with Cuba be speedily negoti-
ated and ratified.

"Resolved, Also, that this conven-
tion make appropriate special consid-
eration of our trade relations with Cana-
da, relations which to say the least,
have for many years been unfortunate
for both countries and which promise
(unless speedily changed) to grow rap-
idly from bad to worse in the very near
future. A great industrial develop-
ment is taking place, and in view of
these considerations, be it further
Resolved, That it is the sense of this
convention that the government of the
United States should take immediate
steps to secure closer and more advan-
tageous trade relations with Canada,
and that reciprocity be secured such
extensions of the free list and reduc-
tions and changes of the duties on the
manufactured products of both as will
give to each as low rate of duties as is
given to any other country. Accord-
ingly, we earnestly urge upon Congress
that action to this end be taken at

PURE BLOOD Necessary to Life.

Vinol Makes it.

POOR BLOOD CAUSES ERUP-
TIONS AND WEAKNESS.

Vinol Makes Pure, Rich,
Red Blood.

BECAUSE WE' KNOWN THIS
WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of
internal disorders. We see every day
too many people whose faces plainly
show that there is something radically
wrong.

We want all of our fellow-citizens to
know of our splendid blood purifier
and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a
purely scientific preparation.

Vinol owes its virtue to the fact that
it contains in a highly concentrated
state the active curative principles
taken from the livers of live cods—the
same elements that formerly were
found in cod-liver oil, and which made
it famous.

Vinol does not contain the grease or
fat that characterized cod-liver oil and
made it in many cases worthless.

Vinol acts upon every one of the
great vital organs, and by invigorat-
ing and giving them strength, enables
them to properly perform their func-
tions.

Vinol's effect on the stomach is mar-
velous. It tones up this, the greatest
of the body and enables it to
obtain from the food which is
taken into it the necessary elements to
create flesh and muscle tissue, bone
structure and pure, rich, red blood.

We are in receipt of a letter from a
Savation Army woman which reads as
follows:

"I took Vinol after a bad attack of
grippe, and so much good did it do me
that I persuaded my sister to take it.
She was all tired out. Had no appet-
ite and her blood was very poor. It
did her as much good as it did me."
Mrs. H. L. KESKAW, 715 River St., Fall
River, Mass.

Don't you please come in and
see us? We are always glad to
extol the merits of Vinol.

We will give you back your
money if you don't find Vinol
will do all we claim it will. Could
any one do more for you?

once, either by reconvening the joint
high commission for the sole purpose
of negotiating a reciprocity treaty
with Canada, or by adopting such other
method as to Congress may seem best.

"Resolved, finally, That we regard the
negotiations of the reciprocity treaty
with Newfoundland as the most im-
portant step in the right direction and
hope it may be promptly ratified.

The report of the finance committee
which was adopted, declares that the
work of organizing auxiliary leagues
should be vigorously prosecuted, and
that the services of one or more organ-
izers should be secured to this end.

St. Louis Delegate Convicted.

St. Louis, Dec. 11.—John H. Schnet-
ter, former member of the house of
delegates, was today convicted of
bribery in connection with the Sub-
sanean franchise deal and given four
years in the penitentiary. This is the
ninth boodle case disposed of thus far.

Salvador Thinks Award Too Big.

Washington, Dec. 11.—Salvador has
applied for a reduction of the award,
aggregating \$500,000, made by the ar-
bitration board which met in Washing-
ton last spring, for injuries inflicted
by the United States on the Sub-
sanean franchise deal and given four
years in the penitentiary. This is the
ninth boodle case disposed of thus far.

San Francisco Alarmed.

Apprehensive Lest Government Busi-
ness Go to Seattle.

Washington, Dec. 11.—A delegation
of prominent citizens of San Francisco,
consisting of R. P. Schwerin of the
Pacific Mail Steamship company, W. W.
Douglas, state comptroller, and
Mayor Phelan, headed by Senator Per-
kins, called upon the president today
to discuss with him the pending propo-
sition to place the government trans-
port service on the Pacific in private
hands, with headquarters in Seattle.
The Boston Steamship company, which
runs out of Seattle, has made a bid for
the handling of the government trans-
port business on the Pacific, which the
war department now has under
consideration. The people of San
Francisco are urging the government
not to accept the proposition, as its
acceptance probably would result in
the loss to San Francisco of much gov-
ernment business.

Miss Clara Barton of the National
Red Cross society and Samuel W.
Briggs, secretary of the society, also
saw the president to protest against
the removal of the service from San
Francisco to Seattle. They expressed
the belief that the removal would be a
mistake, because they maintained, the
facilities for caring for sick or wounded
soldiers at San Francisco were superi-
or to those at Seattle. They, too,

went to the war department to see
Secretary Root about the matter and
immediately following the departure
of the San Francisco delegation, Alfred
Windsor, representing the Boston
Steamship company, appeared before
Secretary Root and made a brief argu-
ment in favor of the acceptance of the bid
of that company for the transporta-
tion of troops and supplies between
Seattle and Tacoma.

Would Make Shanghai a Republic.

Munich, Bavaria, Dec. 11.—Poultney
Bigelow, addressing the Geographical
society tonight on East Asian politics
and commerce, advocated making
Shanghai a republic, free from consular
or other official meddling. He said
that what was good in Shanghai was
due to the energy of the self-governing
merchants, principally Americans and
British, who for 50 years had taken
care of themselves and built up a sea-
port appropriately called the "New
York of the far east." Some of the
Chinese territory, he added, should be
annexed to the city. The merchants
of the east, Mr. Bigelow claimed, need
nothing but liberty.

Germany Applauds Bowen.

Berlin, Dec. 11.—Minister Bowen has
suddenly become famous in Germany.
The newspapers print his portrait with
sketches of his career, applauding his
prompt intervention in favor of the
Germans and British at Caracas.

The foreign office now understands
that the press report that all the per-
sons arrested were subsequently re-
leased is other than true. Officials here
are entirely ignorant of what has
transpired since Tuesday, being, as in
the China campaign, two days behind
the newspapers. If President Castro
has replied to the German and Eng-
lish ultimatums, the reply is in course
of transmission to Germany.

Bill to Secure Publicity.

Washington, Dec. 11.—Representative
De Armond today introduced a bill pro-
viding that it shall be unlawful to ship
from any state or territory, through or
into any other state or territory, any
manufactured articles sold for shipment
or intended to be sold unless every ar-
ticle has stamped on the cover containing
the name of the manufacturer. It is pro-
duced in open competition, or other-
wise of like import. A maximum
penalty of \$1,000 fine or one year's im-
prisonment or both, is provided for vio-
lation of this provision. It is provided
further that articles not thus marked
may be confiscated.

"JEFF" IN TROUBLE.

Warrant for His Arrest for Eating
Too Much.

Whatcombe, Wash., Dec. 11.—A war-
rant was sworn out here this morning
by a local restaurant man against
James J. Jeffries, the heavyweight
champion of the world, for refusing to
settle for a meal which the champion
ate in company with a friend early this
morning. The officer who started out
to make the arrest ran into Robert
Fitzsimmons, who smiled and paid the
bill, and the warrant was not served.

According to the statement of Jef-
fries he understood the waiter to say
that his bill was \$25.00, whereas the
waiter said \$12.50. Jeffries threw \$1 to
the waiter and walked out, intending
for him to keep the change. Jeffries'
manager, who was with him, saw the
mistake and told the waiter that the
champion would pay him the difference
when he came down to breakfast. Jef-
fries slept late, however, and the res-
taurant manager attached his signa-
ture to a warrant for Jeffries' arrest.

Cholera Spreading Among Moros.

the epidemic will prove serious.
